HUNTSVILLE OBJECTS TO CLAIM OF BANK

But Court Will Permit Hearing on Suit for Sum of \$3,000.

Ogden, Oct. 21.—On behalf of A. J. Anderson, Jr., and A. P. Rensstrom, signers of the original petition for the disincorporation of Huntsville City, Atty. N. J. Harris has filed a petition in the district court asking that the claim of the Utah National bank, amounting to about \$3,000, be set aside and not granted. The request is made on the ground that the claim is not a legal one inasmuch as it was not authorized by the city officials prior to the disincorporation. It is understood that the bank's claim is a loan made to the city of Ogden valley metropolis about three years ago. Atty. Arthur Pratt, on behalf of the bank, objected to the filing of the petition, but the court allowed the instrument to go through in regular order and the petition will be heard as a motion on Nov. 5.

FIRM STAND TAKEN BY JUVENILE COURT

Ogden, Oct. 21.—Juvenile Judge V. G. Gunnell has taken a determined stand against allowing minors to frequent billiard and pool rooms and cigar stands, and has issued orders to have all such offenders brought into the juvenile court on Saturday afternoon. The judge also maintains that there are a number of young girls who stay out after curfew hours and unless their parents take prompt action, these children will be picked up by the officers. Mr. Gunnell makes the statement that some of the moving picture houses are allowing minors to attend at night, unaccompanied by parents or guardians. Unless this practice is stopped, prosecutions will follow.

CASE AGAINST YOUNG PETERSON DISMISSED

Ogden, Oct. 21.—Clarence Peterson, a young man of 18 years, was dismissed by Judge Howell in the district court on the charge of grand larceny, on the motion of Atty. N. J. Harris. The Peterson lad was charged with stealing a horse from Thomas Wilson and on being arraigned in court last week entered a plea of guilty. However, at that time he made a statement to the effect that he found the animal on the street and had tried to find the owner. Not being successful, the lad took the horse into the "jungle" on the banks of the Weber river, where he carried hay to it for several days before his arrest. An investigation was made and

TRIED TO ROB OFFICER, SAYS NOT GUILTY

Ogden, Oct. 21.—John King, charged with attempting to pick the pocket of Special Officer John Bothwell at the fair grounds on Sept. 27, was arraigned before Judge Howell and entered a plea of not guilty. The case will be heard on Oct. 22. King is alleged to have thrust his hand into Bothwell's pocket and was just in the act of taking the officer's purse, containing \$19, when the act was discovered.

ACADEMY BAND BUYS FINE NEW INSTRUMENTS

Ogden, Oct. 21.—At an expenditure of \$1,500, the Weber Academy band has just purchased ten new instruments and the boys are rejoicing over the new "wind-pipes." Professor E. W. Nichols, leader of the school band and orchestra, is responsible for the purchase, he having worked unceasingly in his efforts to raise funds for this purpose. The musical status of the institution is now greatly advanced and the band promises some wonderful things during the coming season.

ONE HAPPY COUPLE.

Ogden, Oct. 21.—Heber H. Beus and Sindia C. Child, both of Hooper, have been granted a marriage license by County Clerk S. G. Dye.

POLICE COURT RECORD.

Ogden, Oct. 21.—Police court on Thursday was marked by no unusual incident, there being the usual "grind" of drunks and other petty offenders. Oscar R. Olin pleaded not guilty to the charge of disturbing the peace, and in the absence of the arresting officer, he was held to answer to the charge under \$5.

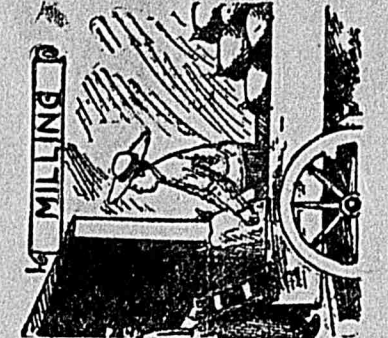

H. Harbet, John Hagen and John Wolf all readily admitted the charge of drunkenness and were given the usual sentence of \$5.

Tony Westfall, an Indian, was charged with carrying a concealed weapon without the consent of the city authorities. Notwithstanding his denial of the allegations made by Detective Pender to the effect that the red man had threatened to shoot up the town, the court imposed a sentence of 20 days.

John Hewett and Art Curtis, two men who have been under investigation for the past few days in connection with a burglary in the business section of the city, were formally charged with vagrancy, to which they entered pleas of not guilty. Their bonds were fixed at \$25 each until the attendance of the arresting officer can be had in court. Detective Pender informed the court that the men were undesirable characters, but the judge expressed a desire to hear the evidence before passing sentence.

WATER SYSTEM NOW ENTIRELY INADEQUATE

Business Men Urge That Steps be Taken to Provide Better Protection for City.

(Special Correspondence.) Logan, Oct. 20.—There was a meeting of the city council last night at which committees representing the Boosters and A. C. Women's clubs appeared and called to the attention of the city the need of better water facilities. The source of supply of the Logan city water mains is one of the irrigating canals in which the city owns an interest, and at the present time all the water the city owns is used or nearly so and in addition to that it is not properly protected from impurities. Former Mayor Edwards outlined a plan whereby the city was to spend something more than \$100,000 for carrying the mains into the river and building a big storage reservoir in Logan canyon, for all the water in this magnificent stream has been appropriated by the farmers. With the retirement of Mr. Edwards, however, the matter was allowed to drop until last night when the committees again brought it up again. Dr. J. A. Wildsoe of the Agricultural college was at the head of the delegation from the Boosters and he made an address to the council to the effect that if a fire were to break out in the main building of the college the lack of pressure in the mains there would prevent anything being done to save the structure, and that once burned it might never be rebuilt here. It is now impossible to get water onto the roof of the college or into the upper stories. The council decided to take up the matter again in earnest, and to that end instructed the waterworks and finance committees to get estimates as to the cost and plans for financing the proposition.

WELLSVILLE.

PARTY IN HONOR OF ESTEEMED RESIDENT

Wellsville, Oct. 18.—On Oct. 17, 1910, a large number of friends and relatives of Hiram W. Maughan gathered at his home in honor of his fiftieth birthday. After partaking of a bounteous dinner, the evening was spent with songs, recitations and speeches. Hon. P. M. Maughan was the first speaker, and in behalf of all present, presented to Mr. Maughan a beautiful leather covered rocker as a small token of the love and esteem in which he is held by his friends. Mr. Maughan responded in a neat speech of acceptance, thanking all present for the splendid token and for their presence here. He bade all welcome to his home and said his only regret was that he could not invite a great many more of his friends. Patriarch Robert Baxter left his blessing upon all those present. About 11:30 p.m. the parties returned to their homes while Mr. Maughan happily returns of the day, one and all say-

FELONY CASE HEARD IN SEVENTH DISTRICT COURT

(Special Correspondence.) Huntington, Utah, Oct. 15.—The district court of the Seventh judicial district convened at Castledale on Monday, the 10th inst. The first day was taken up with setting cases, hearing minor motions, and empaneling a jury to try the case of the State of Utah vs. Emery White and Joseph Stokes, charged with felony. The trial lasted until Friday noon, at which time the jury could not agree and were discharged. Thereupon the district attorney asked to have the complaint dismissed, which was granted, and the defendants were immediately rearrested on the charge of carnal knowledge. The next case to be tried is that of the State of Utah vs. Robert W. Hill, felony. Hill is charged with driving and shipping out of the state several

One Reason for the High Cost of Living

At a recent meeting of the Wholesale Grocers' association in Greater New York, the president said:
"Indiscriminate giving of credit makes the honest people pay for the extravagance of those who by living beyond their means do not pay their grocery bills."
This is just another reason why it's prudent to pay cash at a cash store, where prices are made on a low cash basis of selling and nothing has to be added to make up for what others do not pay for.

Are You Trying to Work Against a Coffee Handicap?

Do you drink coffee at night, and wonder why you don't rest well?

Do you drink coffee for breakfast, and wonder why you can't "get down to tacks" in your work?

It's queer how you coffee drinkers apply logic. You Know—it's no longer a secret—that coffee contains entirely too much stimulant. It robs your brain of its power of concentration. It takes from you the control of your own nerves.

The Effect of Koffe-et Is Just The Opposite

It is made of whole grains and fruits, carefully prepared and scientifically roasted and ground to kernels. The grains give strength—make clear brains, steady nerves and strong muscles. Give it a three-weeks test, then you'll appreciate the difference.
